TABLEWARE SUPPLIER

TWO EIGHT Ceramics wants to pass
the story of the natural stone to more people via tableware.

MANUFACTURING

Founded in Chaozhou city in **1998**
by **Michey Chen**,
with more than **25 years** experience
in ceramic dinnerware.

Like many traditional Chinese women Michey had been assisting her husband to run a traditional ceramics workshop passed down by his father. However, Michey stepped out of the tradition soon and founded the overseas e-commerce platform of Two Eight Ceramics

She leads the team to keep trying, exploring, breaking through and innovating, and has successively created joint creations with well-known domestic and foreign designers. We gradually took the brand abroad to achieve international standards and let more people know us.

This is when the brand HOSEN was born.

AEROLITE-BLACK

COLLECTION

Aerolite-Black are inspired by bright meteor showers.

In order to meet the sea, the aerolite fell from the sky to illuminate the night, just like our design, black and white color collision, the shining meteor became the ornament of the black plate, matte black revealed the mystery and meaningful, set off the romance and tenderness of the night, keep our yearning for the good.

The preciousness of fireworks is that blooming is falling, and the beauty of meteorite is that falling is blooming. We also hope that our tableware can bloom on your table and become a witness to your beautiful life.

ERA

COLLECTION

Era Collection is inspired from the texture of natural stones. These textures, like the annual rings of trees, record the vicissitudes of natural stone, at the same like human finger prints it is the unique.

"I would rather wander around for thousands of years and leave textures than live a life of brilliance and flashiness!", textures on natural stones are the best witness.

This is also our intention to design texture of natural stone on the tableware. Hosen 28 Ceramics wants to pass the story of the natural stone to more people via tableware.
